

# PRE-PHARMACY CHECKLIST

Please list the courses you have completed or plan to complete which fulfill our pre-requisites. If you are unsure whether a course fulfills a requirement, please leave that line blank. (Please do not call the admission office to determine if you have met all requirements. We will notify you in writing if you are missing a requirement.)

**Note:** A **sample checklist** and **listing of articulation agreements** can be found on our website at: [www.pacific.edu/pharmd](http://www.pacific.edu/pharmd). If no agreement for your school is posted, please send the entire department course descriptions for Calculus, Physics, Biology, Chemistry, Microbiology, English and Public Speaking. Please send only the course descriptions (not the whole department) for Economics, Psychology, and GE.

## SAMPLE CHECKLIST
