University of the Pacific (CA) Offers New International Scholarship for Vietnamese Engineering Students

November 20, 2007

Stockton, CA. University of the Pacific proudly presents a new scholarship for Vietnamese international high school seniors applying to the School of Engineering & Computer Science. Three individual scholarships, each totaling up to US\$22,000, will be available to promising students in the fields of engineering.

Requirements: Outstanding high school seniors who plan to major in Engineering, especially Mechanical Engineering. Each student will be considered individually, but we are particularly looking for students with a grade point average of 3.5 or above on a 4.0 scale. Students who have shown exemplary potential in the field of engineering but have lower than a 3.5 GPA may be considered. The selection committee will evaluate students' high school academic performance, extracurricular activities and English proficiency. We will require an online application submission at www.pacific.edu/apply, as well as a supplemental application for the scholarship which will be available at: www.pacific.edu/ips. Finalists will be invited to interview with the selection committee in Ho Chi Minh City in late February 2008.

Application deadline is February 1, 2008.

Mrs. May Chang, Owner & General Manager of CQS Industries Inc., is sponsoring two to three scholarships of \$10,000 for Vietnamese students studying engineering at Pacific. The University will match this amount by up to \$12,000 to help cover tuition costs and books.

University of the Pacific is ranked one of *US News & World Report's* top 100 U.S. Universities, and for the 6th consecutive year, Pacific is named one of 50 "Great Schools at Great Prices." Pacific offers more than 80 undergraduate majors and graduate programs, including several accelerated degree programs. These include ABET-accredited engineering, business, international studies, music, and dentistry.
