

CHEMISTRY SEMINAR SERIES (Fall 2007)

1. Dr. Joseph Francisco, Department of Chemistry and Department of Earth and Atmospheric Sciences, Purdue University, West Lafayette; "Atmospheric Oxidation of Bromoethane and Bromopropane" (December 11, 2007)
2. Dr. Eunsuk Kim, Department of Chemistry and Biological Engineering, Cambridge University, Massachusetts; "Synthetic Modeling of Cytochrome c Oxidase and Design of Programmable Anticancer Agents" (November 13, 2007)
3. Dr. Cheuk-Yiu Ng, Department of Chemistry, University of California, Davis; "Spectroscopy and Dynamics of Neutrals and Ions by High-Resolution IR-VUV Laser Photoionization and Photoelectron Methods" (September 11, 2007)
